

Swidget™ Wi-Fi Control + Guide Light Insert

The Swidget Platform is a modular Smart Home enabled system comprised of Wall Switches and Outlets. The modularity of the base devices allows for easy after-market installation of a Swidget Insert that can enable the wireless control and independent power monitoring of the receptacle, in addition to providing other sought-after functions like sensors, speakers or lighting.

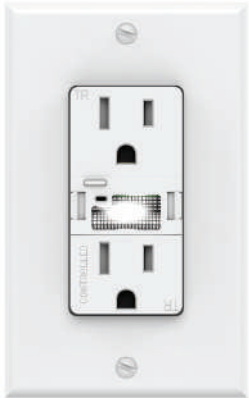

FEATURES

Wifi

- Wi-Fi 2.4GHz
- User replaceable – electrician not required
- Independent power monitoring
- Works with Amazon Alexa, Google Assistant and IFTTT*
- Regular OTA upgrades to expand the capabilities

Guide Light

- Basic night light functionality
- Automatic light sensor trigger
- High Efficiency LED

DESCRIPTION

The Swidget product line has been developed to support the easy integration of Home Automation and Smart Home markets with unique and flexible solutions. Designed to be integrated into all major Smart Home protocols, the Swidget Wi-Fi Control + Guide Light provides dual functions. The Wi-Fi connectivity transforms the Swidget device into a Wi-Fi enabled smart device.

Using the free Swidget App (available for Android and iOS), unlock your Swidget device to perform any number of tasks:

- Power On/Off your outlet
- Monitor your energy consumption
- Schedule devices to conserve energy
- Set multiple automatic notifications including when your power consumption is too high

The Guide Light addition provides all the features of a standard night light, using high efficiency LED technology to brighten any dark room or space safely.

As all Swidget Inserts operate on the Class 2 certified interface, an electrician is NOT required for installation or removal.

SPECIFICATIONS

Product Number	WI002UWA
Wireless Standard	Wi-Fi 802.11g
Wireless Band	2.4GHz
Device Compatibility	Amazon Alexa, Google Assistant and IFTTT*
Device Upgrades	OTA
LED Color	Warm White
LED Intensity Specification	1900mcd@20mA
Trigger	Automated light sensor

Environmental	Indoor installation only
Operating Temperature	14F to 104F (-10C to 40C)

REVISION HISTORY

Revision Number	Date	Comment
000	2019/09/27	Initial release
